Mr. Phillip J. Daniel
Daniel, Mann, Johnson, & Mendenhall
3325 Wilshire Boulevard
Los Angeles 5, California

Dear Mr. Daniel:

Bud Wheelon has asked me to see if there is any way that we can comply with the request you made to him in your letter of 3 December 1963 for information contained in official Government files on optical glass production.

Unfortunately, due both to the classification of the papers and the purpose for which they were undertaken, it appears impossible to obtain copies for you. If any information such as the type you have in mind should come to our attention in an unclassified version, we will maintain your interests and endeavor to obtain copies of it for you.

Sincerely yours,

25X1A
